**ASSIGNMENT No. 1**  
**(Units: 1–5)**

*Note: You must answer the questions in your own words. Copying from books is not permissible.*

- Q. 1 The design of the wage and salary administration program is a particularly important project for any organization. Discuss the basic developmental steps of a wage and salary program. **(20)**
- Q. 2 Job analysis is an activity that is required not only to perform all the activities of wage and salary administration effectively but also for a variety of other organizational needs. There are three major steps in the job analysis process namely planning the process, collecting data, and documenting the findings. Explain each in detail. **(20)**
- Q. 3 The job description is an important part of the job evaluation process, but it can be accomplished much more if the organization demonstrates its commitment to the project and the entire process. Comment. **(20)**
- Q. 4 The key provisions in a budget enable the organization to evaluate itself in terms of progress made to achieve its stated goals and objectives. Discuss the budget process and how effective it is to achieve organizational goals in a better way. **(20)**
- Q. 5 There seems to be growing discontent with the performance appraisal process as it has been traditionally implemented. The growing diversity of the workforce, the increasingly litigious nature of Pakistani society, the legal climate, and the current wide disparity of standards in the area of performance appraisal will continue to put pressure on the people responsible for performance appraisal in any organization. Discuss. **(20)**
