GUIDELINES FOR ASSIGNMENT No. 1

You should look upon the assignments as a test of knowledge, management skills, and communication skills. When you write an assignment answer, you are indicating your knowledge to the teacher:

- Your level of understanding of the subject;
- How clearly you think;
- How well you can reflect on your knowledge & experience;
- How well you can use your knowledge in solving problems, explaining situations,

- and describing organizations and management;
- How professional you are, and how much care and attention you give to what you do.

To answer a question effectively, address the question directly, bring important related issues into the discussion, refer to sources, and indicate how principles from the course materials apply. The student must also be able to identify important problems and implications arising from the answer.

For citing references, writing bibliographies, and formatting the assignment, APA format should be followed.

ASSIGNMENT No. 2

(Units: 1–9)

Total Marks: 100

This assignment is a research-oriented activity. You are required to obtain information from a business/commercial organization and prepare a report of about 1000 words on the issue allotted to you to be submitted to your teacher for evaluation.

You are required to select one of the following issues according to the last digit of your roll number. For example, if your roll number is P-3427182 then you will select issue # 2 (the last digit):-

List of Issues/Topics

0. The income statement of a bank in one of the financial statements. Students are required to analyze income statement of a commercial bank and explain its components.
1. Lending process is one of the primary services of a bank. Students are required to analyze the lending policy and critically discuss its different steps.
2. Analyzing business customer is one of the important responsibilities of a bank. Students are required to critically explain the different techniques of analyzing business customer by a bank.
3. The price leadership modal is one of the important concepts used in a bank. Students are required to analyze this method of pricing business loan in detail.
4. Consumer loan is one of the key services offered by a bank. Students are required to analyze the different characteristics of consumer loan system of a commercial bank.
5. Capital market instruments are core investment instruments for a bank. Students are required to analyze the capital market instruments available for a bank and critically discuss its role.
6. Interest rate is determined by different forces. Students are required to study a bank and analyze such forces determining interest rate.
7. Securitization affects the management of lending institutions. Students are required to analyze the impact of securitization upon the lending institutions.

8. Standby credit letters reduces risk of nonperformance. Students are required to study this concept.
9. Agriculture finance is one the impartment part of credit management. Students are required to study and critically analyze agriculture finance.

The report should follow the following format:

1. Title page
2. Acknowledgements
3. An abstract (one page summary of the paper)
4. Table of contents
5. Introduction to the issue (brief history & significance of issue assigned)
6. Practical study of the organization (with respect to the issue)
7. Data collection methods
8. SWOT analysis (strengths, weaknesses, opportunities & threats) relevant to the issue assigned
9. Conclusion (one page brief covering important aspects of your report)
10. Recommendations (specific recommendations relevant to issue assigned)
11. References (as per APA format)
12. Annexes (if any)

GUIDELINES FOR ASSIGNMENT No. 2:

- 1.5 line spacing
- Use headers and subheads throughout all sections
- Organization of ideas
- Writing skills (spelling, grammar, punctuation)
- Professionalism (readability and general appearance)
- Do more than repeat the text
- Express a point of view and defend it.

WORKSHOPS:

The workshop presentations provide you opportunity to express your communication skills, knowledge & understanding of concepts learned during practical study assigned in assignment No. 2.

You should use transparencies and any other material for effective presentation. The transparencies are not the presentation, but only a tool; the presentation is the combination of the transparencies and your speech. Workshop presentation transparencies should only be in typed format.

The transparencies should follow the following format:

- 1) Title page
- 2) An abstract (one page summary of the paper)
- 3) Introduction to the issue (brief history & significance of issue assigned)
- 4) Practical study of the organization (with respect to the issue)
- 5) Data collection methods

- 6) SWOT analysis (strengths, weaknesses, opportunities & threats) relevant to the issue assigned
- 7) Conclusion (one page brief covering important aspects of your report)
- 8) Recommendations (specific recommendations relevant to issue assigned)

GUIDELINES FOR WORKSHOP PRESENTATION:

- Make eye contact and react to the audience. Don't read from the transparencies or from report, and don't look too much at the transparencies (occasional glances are acceptable to help in recalling the topic to cover).
- A 15-minute presentation can be practiced several times in advance, so do that until you are confident enough. Some people also use a mirror when rehearsing as a substitute for an audience.

WEIGHTAGE OF THEORY & PRACTICAL ASPECTS IN ASSIGNMENT No. 2 AND WORKSHOP PRESENTATIONS:

Assignment No. 2 & workshop presentations are evaluated on the basis of theory & its applicability. The weightage of each aspect would be:

Theory:	60%
Applicability (practical study of the organization):	40%
