GUIDELINES FOR ASSIGNMENT No. 1

You should look upon the assignments as a test of knowledge, management skills, and communication skills. When you write an assignment answer, you are indicating your knowledge to the teacher:

- Your level of understanding of the subject;
- How clearly you think;
- How well you can reflect on your knowledge & experience;
- How well you can use your knowledge in solving problems, explaining situations, and describing organizations and management;
- How professional you are, and how much care and attention you give to what you do.

To answer a question effectively, address the question directly, bring important related issues into the discussion, refer to sources, and indicate how principles from the course materials apply. The student must also be able to identify important problems and implications arising from the answer.

The references should be given at the end of the assignment. For citing references, writing bibliographies, and formatting the assignment, APA format should be followed.

ASSIGNMENT No. 2

Total Marks: 100 Pass Marks: 40

This assignment is a research-oriented activity. You are required to obtain information from a business/commercial organization and prepare a report of about 1000 words on the issue allotted to you to be submitted to your teacher for evaluation.

You are required to select one of the following issues according to the last digit of your roll number. For example, if your roll number is P-3427180 then you will select issue # 0 (the last digit):-

Issues/Topics:

- 0. Present Value and Opportunity Cost of Capital
- 1. Sensitivity Analysis
- 2. Financial Leverage
- 3. Valuation of Options
- 4. Applications of Financial Analysis
- 5. Financing Foreign Operations
- 6. Capital Investment Decisions and Strategies
- 7. Dividend Policy
- 8. Measurement of Portfolio Risk
- 9. Financing Planning Models

GUIDELINES FOR THE PREPARATION OF ASSIGNMENT # 2

The report should follow the following format:

- 1. Title page
- 2. Acknowledgements
- 3. An abstract (one page summary of the paper)
- 4. Table of contents
- 5. Introduction to the issue (brief history & significance of issue assigned)
- 6. Data collection methods
- 7. Practical Study related to the topic assigned
- 8. Conclusion (one page brief covering important aspects of your report)
- 9. Recommendations (specific recommendations relevant to issue assigned)
- 10. References (as per APA format)
- 11. Annexes (if any)

Other Guidelines:

- 1.5 line spacing
- Use headers and subheads throughout all sections
- Organization of ideas
- Writing skills (spelling, grammar, punctuation)
- Professionalism (readability and general appearance)
- Do more than repeat the text
- Express a point of view and defend it.

You should use transparencies and any other material for effective presentation. The transparencies are not the presentation, but only a tool; the presentation is the combination of the transparencies and your speech. Workshop presentation transparencies should only be in typed format.

You are required to prepare two copies of 2nd assignment. Submit one copy to your tutor/ teacher for evaluation and the second copy for presentations in the workshop in the presence of the resource person and classmates, which will be held at the end of the semester prior to the final examination.

GUIDELINES FOR WORKSHOP PRESENTATION:

- Make eye contact and react to the audience. Don't read from the transparencies or from report, and don't look too much at the transparencies (occasional glances are acceptable to help in recalling the topic to cover).
- A 15-minute presentation can be practiced several times in advance, so do that until you are confident enough. Some people also use a mirror when rehearing as a substitute for an audience.

WEIGHTAGE OF THEORY & PRACTICAL ASPECTS IN ASSIGNMENT # 2 & WORKSHOP PRESENTATIONS:

Assignment # 2 & workshop presentations are evaluated on the basis of theory & its applicability. The weightage of each aspect would be:

Theory 60% Applicability (practical study of the organization) 40%
